

My G DATA

We are pleased that you have chosen our product and hope that you are completely satisfied with your new software. If something doesn't work right away, our help documentation will help you.

For further questions please contact our experts in the [ServiceCenter](#). You can call up the detailed program help in the software at any time and receive all the necessary information on site. Simply press the F1 key in the program.

"My G DATA" is your personal customer area. Here you can manage your products and your licenses.
